

Klamath Basin Audubon Society meeting program: Progress of Lake Ewauna Wellness Phases 2-3

Come learn details about the plans for \$3M that has been allocated to rejuvenate the wetlands and shoreline of Lake Ewauna in downtown Klamath Falls! More than 60 acres of restored wetlands and the creation of new trails will benefit both native fish and wildlife species and the entire Klamath Basin community. All are welcome to KBAS's Wednesday January 8th meeting where we will host various representatives of the participating agencies who will share their plans for the project phases 2-3. Meeting location is the lower level of the Favell Museum at 125 W. Main Street. Enter through the bottom of the outside stairs for social time at 6:30 pm. General program meeting begins at 7:00 pm. We look forward to seeing you!
